

# In an Emergency - Be Safe, Be Warm

## Safety Advice

If your vehicle breaks down, **all** European Police Forces strongly advise that you get yourself and any passengers out of the vehicle immediately. While you wait for help, keep well away from the carriageway and your vehicle.

## Hypothermia Risk

Make sure you stay safe and warm by wearing a:

### High-Performance Emergency Thermal Poncho

- Hands Free - Aid others while keeping warm
- Hood - Saves up to 35% heat loss through head
- Fully reusable and waterproof
- High-performance Space foil - 3x thicker than most foil blankets

**Exclusively available from the shops onboard all ferries**
